EDUCATION

HOLY ANGEL UNIVERSITY Angeles City, Pampanga
Bachelor of Science in Computer Science April 2027
Thesis - *AniMedika*: Rice Leaf Disease Classification Using EfficientNet-Based CNN
Relevant Coursework: Dean's Lister (1st Year 1st Sem); President's Lister (1st Year 2nd Sem to 3rd Year); Academic Scholar (2 Semesters)

SANTA RITA COLLEGE OF PAMPANGA Santa Rita Pampanga
Science, Technology, Engineering, and Mathematics (STEM) Track August 2021 - May 2023
Graduated with High Honors

PROJECT EXPERIENCE

AniMedika | *Undergraduate Thesis*
UI/UX Design, Frontend and Backend Development
- Developed a rice leaf disease classification system using an EfficientNetB0-based convolutional neural network (CNN) and contributed to thesis documentation.
- Designed interface layouts and user flows to make disease information clear and the application straightforward to navigate.
- Assisted with backend implementation and tested application functionalities to check expected behavior and identify issues during integration.
- Collaborated with team members to integrate the machine-learning model into the web application and support a functional end-to-end system.

Pick and Sip | *Full Stack Web Application*
UI/UX Design, Frontend and Backend Development, Database Management
- Designed and developed a personal café-tracking application for saving cafés, recording visits and orders, and keeping track of café experiences.
- Implemented core features such as café search, map-based location selection, filtering, café details, visit and order tracking, and dashboard summaries.
- Developed responsive frontend pages using React, Vite, React Router, and CSS, with a Node.js and Express REST API connecting the interface to the database.
- Integrated PostgreSQL through Supabase and refined the application

eLingkod | *Barangay Service Mobile Application*
UI/UX Design, Frontend and Backend Development, Database Management
- Assisted in designing the user interface to make barangay services easier to navigate and access.
- Collaborated with team members on frontend development and the implementation of application screens and features.
- Contributed to backend functionality to support the application's service-related operations.
- Helped manage the database and organize the data required by the application's features.

Bake & Co. | *Bakery Mobile Application*
UI/UX Design, Frontend and Backend Development, Database Management
- Assisted in designing a cohesive, bakery-themed interface that presents products in a clear and appealing way.

- Worked with team members on frontend development using Flutter and Dart, helping implement mobile screens and product displays.
- Contributed to backend functionalities supporting the application's core features.
- Helped manage the database used to store and organize application information.

Truth in Tales | *Creative Writing Website*
UI/UX Design, Content Writing
- Assisted in arranging the website layout and visual elements to create a cohesive and readable browsing experience.
- Wrote a blog article about cancel culture, contributing written content to the website.

DigiFind | *Web Project*
UI/UX Design, Frontend and Backend Development, Database Management
- Designed and developed a responsive website for people exploring digital cameras and looking for a model that suits their preferences.
- Organized camera information and interface elements to help users browse options and compare cameras based on their interests.
- Implemented website functionalities and supporting the frontend, backend, and database components.

LEADERSHIP & ACTIVITIES

League of Outstanding Programmers (LOOP) Holy Angel University
Events Director 2024 – 2025
- Helped plan and coordinate organization events and seminars, working with fellow officers to support preparation and execution

Google Developers Group (GDG) Holy Angel University
Internal Relations Staff 2025 – 2026
- Supported internal communications and coordination among members to facilitate organizational initiatives and activities.

College Student Council (CSC) Holy Angel University
Multimedia and Creatives Staff 2023 – 2024
- Created posters and other visual materials for announcements and events, maintaining clear layouts and consistent design elements.
- Photographed student council events and activities, capturing key moments for documentation and publication purposes.

Events Staff 2024 – 2025
- Assisted with event-related tasks and coordination for student council activities.

Code Geeks (CG) Holy Angel University
Events Staff 2025 – 2026
- Assisted with event preparation and on-the-day coordination in support of organization activities.

SKILLS & INTERESTS

Technical
- UI/UX Design
- Graphic Design & Web Design
- Wireframing & Prototyping
- Figma, Canva

- Frontend and Backend Development
- HTML, CSS, JavaScript, React, Flutter
- Python, Java, Dart
- PostgreSQL, Supabase

Soft Skills
- Attention to Detail
- Problem-Solving
- Collaboration & Teamwork
- Communication
- Time Management
- Adaptability
- Continuous Learning

Languages: Filipino (Native), English (Fluent)

Interests: UI/UX Design, Software Development, Data Analytics

CERTIFICATIONS & SEMINARS

Seminars & Training 2024-2025
- Introduction to Internet of Things Seminar
- Heads Up, Sophomores! Webinar
- 1st Regional Blockchain Conference (Holy Angel University, Jul 2024)
- 3rd Regional Cybersecurity Conference (Holy Angel University, Feb 2025)
- 1st Regional AI Conference 2025 (Holy Angel University, Dec 2025)
- Hackathon of the Base Build IRL Workshop 2026 - 2nd Place in Hackathon

UI/UX & Graphic Design
- **Work with Components in Figma** — Coursera | September 2024

Web Development & Programming
- **Legacy Responsive Web Design V8** — freeCodeCamp | September 2024
- **JavaScript Essentials 1** — Cisco | October 2024
- **Relational Database V8** — freeCodeCamp | February 2025

Artificial Intelligence & Data Analysis
- **Artificial Intelligence Fundamentals** — IBM | March 2026
- **AI Fundamentals with IBM SkillsBuild** — Cisco | March 2026
- **Data Analytics Essentials** — Cisco | March 2026

Cloud Computing & Cybersecurity
- **AWS Academy Graduate – Cloud Foundations – Training Badge** — Amazon Web Services (AWS) | March 2026
- **Endpoint Security** — Cisco | August 2025

IT Fundamentals
- **CompTIA IT Fundamentals+ (ITF+) Certification** — CompTIA | November 2023
